U O No 363 /Con, Dt 25th September 1954

As the Corporation of the City of Bangalore has not been paying pensionary contribution to Government as per the arrangement contemplated in Article 244 of Mysore Service Regulations but bears the pension charges of the officials after their retirement according to the Rules of Proportions, there is no immediate financia commitment to the Corporation as most of the staff has been entertained after 1948 The question of expenditure on account of pension charges will arise only after their retirement

As per Article 223(2) Mysore Service Regulations the officers of the Grant in aid schools and Institutions are excluded from pension benefits Hence note to Article 223(1) of Mysore Service Regulations does not apply in the present case As the teachers of Municipal and District Board High schools in the State have not been given pension benefits, it does not appear to be reasonable to give an exceptional treatment to the Corporation High Schools which are receiving Grant-

Collector CAP 1-53-72 is forwarded as required at Para 4 of Govt Lr dt 20/11/54 from Secy

The Corporation has proposed to extend the benefits of pension to the staff on the Corporation High Schools The Controller, State Accounts Department, says that the teachers of Municipal and District Board High Schools in the State have not been given pension benefits and in view of this it is not reasonable to give exceptional treatment to the Corporation High Schools I am unable to agree with this reasoning The Municipalities and District Boards may not be in a position to afford to give pension to the teachers on their High Schools But when a local body is prepared to come forward and is able to meet the expenditure, it is not reasonable to deny the benefit to the employees Grant of pensions is one of the well known methods by which security is afforded to the employees It also builds a sense of loyalty and attachment to the institution in which he will be serving I therefore disagree with the opinion given by the Controller, State Accounts Department The proposal of the Corporation is reasonable, particularly because the employees in the Corporation High Schools in the Civil Station area have already been given the benefit of the pension scheme When that has been done, there can be no objection to extend the same principle
